### STATE PRESS COMMENT

Manatee Record.—Who said that shark purported to have been branded at Punta Gorda the other day was a "land shark?"

Crawfordville Breeze.—Albert W. Gilchrist knows how to get good advertising. The Punta Gorda Herald's Shark (sharp) story went North.

Tampa Tribune.—Florida was the only State in the entire United States without frost last Monday morning. How's that for the best climate ever?

Arcadia News.—The Auburn-dale News never fails to have a splendid editorial page. Editor Hanna is a good writer and is meeting a well merited recognition of his ability.

DeLand Record.—The columns of the Record will not be open for candidates to inject personalities in the coming campaign. Only articles of a true and honorable character will be admitted to its columns.

Manatee Record.—As yet none of the Tampa papers have claimed that Perry Wall has made a "monkey" of Gilchrist's "shark" and has hitched it to his senatorial boat to tow him into Washington.

Winter Haven Chief.—The paper makers are beginning to sound like a Western poker game. Every few days they yell at us, "We raise you 10 per cent," and their playing rule seems to be, "No limit but the sky." Wonder how long our litigation will last.

## New Hospital in Town

All diseased and crippled chairs, including Baby Chairs, Adult, Middle Aged and Old Chairs; also Couches and Furniture in General, disabled; will be treated promptly and satisfactorily, with a guarantee of a Cure.

**B. D. Malone** of West Coast Fish Co.  
Punta Gorda, Florida.

Thorn's Foolish Stuff in West Palm Beach Post.—Punta Gorda Herald tells of an auto party consisting of "Dutch Nabelle, Jake Stonebreaker and Winnifred Holzendorff" that reached home in safety. These darned fords will carry some load, wont they?

### RANDOM RAPS

(Kanned)

The millionaire who dresses as well as his clerks is more or less eccentric.

Villa has some of the qualities of the gila monster, but not the staying qualities.

In saying that Texas is likely to join the republican ranks next year, William G. Thon qualifies as one of the nation's most daring humorists.

About the time he is captured or otherwise put out of the bandit business sickly sentimentalists will wail in chorus that Villa is a much misunderstood man.

War has put 2,000 ships of 4,000,000 tonnage out of business, and opportunity to provide itself with a merchant marine is loudly knocking at America's door.

Doubtless the poetess who apostrophized the bath and the bath-room would have written about the old swimming hole if her opportunities had been less limited.

Investigation has shown that there is a smaller number of bacteria in New York's subway air than in the outside atmosphere. Presumably the bacteria are crowded out by passengers.

Sir Ernest Shackleton should hasten back to the south pole and the improving society of the peaceful penguin before civilization takes him and blows him into unpleasant fragments.

Geography is not of much use in the schools these days, but the "Arabian Nights" should help the students towards an understanding of what a march toward Bagdad means.

## Ladies' Emorium

Mrs. W. R. DeLoach, Manager, - - - Punta Gorda, Florida.

the stack of chips will last in such a game.

Miami Metropolis.—Ten-year-old boy in Bagdad, Florida, was killed the other day by a shot gun discharged "by accident" while he and his little five-year-old brother were out hunting, with the weapon. Parents who keep fire-arms within reach of children should be amenable to laws against criminal carelessness.

Lakeland News.—With an automobile for every fifty-seven persons in Florida, it don't look like it would be necessary for Nat and Park to use the same machine. Perhaps, however, they are going the same road—to the headwaters of Salt River. At least, that's what Perry and Albert would like to think.

Auburndale News.—Editor Fuerlicht of the Mulberry Herald has invited us to make a trip to Punta Gorda to call on Col. Jordan and return by way of Wauchula to stop at Goolsby's print shop, which is entirely run by girl employees. Aw, Nix, Emil. We'd be glad to call on that fine old scout Jordan, but we don't dast go near Wauchula for eight and a half months yet. Hape you forgotten that this is leap year and we're both bachelors? Personally we don't care what the girls do, but it will be fierce when Goolsby gets after us with a gun for robbing his chicken coop.
